For this exercise, you are required to portion cost the provided Chicken Consommé recipe. To complete the knowledge test, you must complete the table where indicated and calculate the following:

Note that the total recipe yields 4 litres.

Calculate the number of <u>complete</u> portions the recipe will yield , given a 175 ml portion size

Calculate the cost per ingredient, and Total Recipe cost.

Calculate the yielded cost per portion

Calculate the Suggested Selling Price, given a 23.5% Food Cost.

Calculate the Gross Profit per portion in dollars/cents.
