

Makeup Sanitation Procedure How To

1. Make sure all brushes and implements are clean and disinfected prior to the service
2. All cream/liquid products must be dispensed using a clean spatula onto a clean palette.
3. Powder makeup products may be sprayed with 70% alcohol prior to use for disinfection purposes.
4. Liquid eyeliners cannot be disinfected, if being used the product must be new (in packaging) and either disposed of or given to the model afterwards.
5. Do not double dip mascara spoolies as these are one time use only.
6. Alcohol activated cream paints may be used as the alcohol will disinfect the product each time it is sprayed.
